Capgemini signs a contract extension with HMRC

London, Paris – September 30, 2019 – [Capgemini](https://www.capgemini.com) has today announced the signing of a two-year extension to its existing contract with Her Majesty’s Revenue and Customs (HMRC) in the UK. Under the agreement, Capgemini will continue as a strategic supplier to HMRC, primarily providing data, digital and cloud technologies, alongside applications management services, until June 2022. As part of this extension, Capgemini will also support HMRC in its strategic transformation programs and in growing HMRC’s own IT capability.

This extension builds on a successful 15-year partnership between the two organizations, which has been instrumental in the delivery of services that underpin the collection of UK tax revenues.

Paul Margetts, Managing Director of Capgemini’s UK Business Unit and Group Executive Committee Member, commented: *"I am delighted that we are continuing our strong relationship with HMRC. Capgemini’s expertise in digital and cloud technologies, coupled with our understanding of the HMRC organization and a collaborative approach to working with HMRC and its other suppliers, will play a significant role in supporting HMRC to drive its transformation agenda. Today’s agreement underlines Capgemini’s continued commitment to the UK and UK public sector."*
