Our ATM expertise at a glance

A Capgemini skill center consisting of ATM domain experts.

A professional network with industry sector specialists.

Proven expertise in the ATM Sector

Part of the Aerospace & Defence division of Capgemini, the ATM skill center has been involved in the ATM sector for more than 20 years.

With more than 100 engineers having a strong ATM background as well as centers of dedicated expertise in R&D and software certification, Capgemini is today able to support its customers in all phases of operational programs.

People matter, results count.
Fields of expertise
Committed to deliver high quality services to major ATM organizations, Capgemini’s expertise has widely expanded to cover various fields such as:

**Flight preparation:** Civil and military flight plan preparation systems, Air Traffic Management tools, Support to conflict detection tool.

**En-Route:** Operational Display System, En-Route flight data servers, Radar Flight Data servers.

**Approach control system:** Approach data servers.

**Surveillance:** ARTAS Data Analysis Function, Surveillance Data Distribution System.

A wide range of offers
Capgemini’s know-how is delivered through the following offers:

**Business Support** to help our customers to define, qualify and operate their systems according to operational needs.

**Project implementation** to specify, to design, to implement, to validate, to deploy and to maintain CNS and ATM systems taking into account regulation constraints. In particular, Capgemini has a strong background in large legacy systems migration.

**R&D** to investigate new operational concepts and eventually check them against actual technology.

**Safety expertise** to fulfill new European regulation constraints in terms of Safety and Security.

About Capgemini
With more than 120,000 people in 40 countries, Capgemini is one of the world’s foremost providers of consulting, technology and outsourcing services. The Group reported 2011 global revenues of EUR 9.7 billion. Together with its clients, Capgemini creates and delivers business and technology solutions that fit their needs and drive the results they want. A deeply multicultural organization, Capgemini has developed its own way of working, the Collaborative Business Experience™, and draws on Rightshore®, its worldwide delivery model.
