Capgemini Group positioned in the "Leaders" Quadrant in Gartner's Magic Quadrant for Application Testing Services 2014

Paris, 8 December 2014 – Capgemini**, one of the world's foremost providers of consulting, technology and outsourcing services, today announced that Capgemini Group has been positioned as a leader by Gartner Inc in the inaugural "Magic Quadrant for Application Testing Services, Worldwide."[1]**

Govind Muthukrishnan, Senior Vice President and Testing Global Service Line Leader at Capgemini Group said: "*We are pleased to be positioned in the Leaders Quadrant and to be evaluated for our quality transformation capabilities and global reach. With over 13,800 testing professionals worldwide, our business-driven testing methodologies from Sogeti and sector expertise from Capgemini entities, have enabled us to deliver industry-leading application testing services through independent testing projects and managed testing engagements. Our business focus will continue to be in strengthening our customer relationships through Quality Transformation and Specialized Testing offerings.*"

In the research report, Gartner mentioned Quantitative Criteria of this Magic Quadrant as follows; "Both pure-play companies and full-service IT providers for application testing services are included in this Magic Quadrant, with some differences in criteria:

Pure-play companies derive more than 90% of revenue exclusively from application testing services. The requirement for this research was to have a minimum of $40 million in annual revenue.

Full-service providers of application-related services are required to have $350 million in annual application testing service revenue.

Providers must have regional-based testing delivery capabilities in at least two worldwide regions: North America (U.S. and Canada), Latin America, EMEA and APJ (Asia-Pacific Japan)."

Capgemini has proven testing capabilities worldwide. Together Capgemini and Sogeti have developed innovative, business-driven Quality Assurance (QA) and Testing services, combining best-in-class testing methodologies (TMap® and TPI® to help organizations achieve their testing and QA goals.
