## **Capgemini named a 'Leader' in IDC MarketScape: Worldwide Oil and Gas Professional Services 2016 Vendor Assessment Report**

Paris, 7 September 2016 - [Capgemini](#), a global leader in consulting, technology and outsourcing services, today announced it has been positioned as a 'Leader' in the IDC MarketScape: Worldwide Oil and Gas Professional Services 2016 Vendor Assessment Report.

As part of the research, the IDC MarketScape assessed 13 Oil and Gas service providers based on the criteria of "service capability, solutions for oil and gas and geographic presence". According to the report, Capgemini is "one of the established providers of consulting, technology, and outsourcing services, offering project-based as well as managed services to the oil and gas industry." The IDC MarketScape also noted Capgemini's "ability to execute projects successfully and carry out services with a long-term relationship with its clients".

Brad Little, Corporate Vice President, North America Energy & Utility Industry Leader at Capgemini said: *"We are very proud to be positioned as a Leader in the IDC Marketscape for Oil and Gas Professional Services. Capgemini has always been committed to providing innovative, industry specific solutions and services tailored to suit the business needs of our upstream, midstream, LNG, energy services, and downstream clients. Over the past decade we have made significant investments in our industry solutions and intellectual property, and we are delighted to be recognized as a respected thought leader in the Oil and Gas industry. We believe Capgemini is uniquely positioned to help our clients navigate through market volatility, with a focus on efficient operations, driving greater asset utilization, while doing it in a safe and reliable way."*

Kevin Prouty, VP Research, IDC Energy *Insights* said: *"Capgemini's investments in industry-specific solutions and digital transformation capabilities are helping its clients streamline operations and reduce costs."*

For more than 30 years Capgemini has been a leading provider of oil & gas solutions and a longtime partner with some of the largest energy companies worldwide. Capgemini specializes in providing leading systems integration and industry solutions for companies in the upstream, midstream, downstream and energy services segments. Focusing on solving specific industry challenges through technology and digital solutions, Capgemini provides proven IP solutions to energy companies. Capgemini also takes pride in working with many of the fast

About IDC MarketScape: IDC MarketScape vendor analysis model is designed to provide an overview of the competitive fitness of ICT (information and communications technology) suppliers in a given market. The research methodology utilizes a rigorous scoring methodology based on both qualitative and quantitative criteria that results in a single graphical illustration of each vendor's position within a given market. IDC MarketScape provides a clear framework in which the product and service offerings, capabilities and strategies, and current and future market success factors of IT and telecommunications vendors can be meaningfully compared. The framework also provides technology buyers with a 360 degree assessment of the strengths and weaknesses of current and prospective vendors.
