TenneT awards major application services contract to Capgemini

Paris June 29, 2017 – [Capgemini](#), a global leader in consulting, technology and outsourcing services, today announced that its Dutch subsidiary, Capgemini Nederland B.V., has signed a new contract with TenneT, a leading European electricity transmission system operator with its main activities in the Netherlands and Germany. Under the three and a half year agreement, Capgemini will deliver application services for TenneT’s generic IT landscape, including application development, maintenance, and innovation.

The scope of the generic IT landscape includes: Enterprise Resource Management applications, Customer Relationship Management applications, Content Management Systems, Human Resource Management Systems, Record Management Systems, and IT Service Management Systems.

“We are very proud that TenneT has chosen Capgemini as its partner for maintenance and development of their generic IT applications. With more than 16,000 dedicated utilities consultants worldwide, Capgemini is one of the leading companies in the Energy and Utilities sector and is very well positioned to support TenneT in dealing with all the challenges in the European energy market. For TenneT as a company, safety and security of energy supply is key. With our highly skilled and multicultural team taking care of the non-core applications, TenneT can focus on their core activities to ensure a secure supply of electricity to its 41 million end-users,” says Mark Grimberg, Head of Application Services, Capgemini in the Netherlands.

Capgemini was awarded the new contract on June 19th 2017 after a public tender process.

About Capgemini

With more than 190,000 people, Capgemini is present in over 40 countries and celebrates its 50th Anniversary year in 2017.
