Capgemini Japan K.K. Named JAPAC Partner of the Year by MuleSoft

Capgemini recognized for helping organizations to unlock and unify data with AnyPoint Platform to innovate and go digital, faster

Tokyo, March 29, 2021 – Capgemini Japan K.K. announced today that it has been named JAPAC Practice Development Partner of the Year and JAPAC Partner of the Year 2021 by MuleSoft, provider of the world’s #1 integration and API platform. Capgemini also claimed four regional awards in EMEA, LatAm, Australia and New Zealand and Asia, and was named Global Practice Partner of the Year. Capgemini was recognized for its commitment to helping customers unlock and unify data with an API-led approach to deliver connected customer experiences, faster, in a digital-first world.

"We are honored to have been chosen as MuleSoft’s JAPAC Partner of the Year and JAPAC Practice Development Partner of the Year, which reflects the strong relationship that we have built with MuleSoft. With digital transformation and integration challenges high on the agendas of many of our clients, we look forward to continuing our collaboration with MuleSoft to help our clients achieve their current goals and future-proof their businesses," said Hiroyasu Hozumi, Managing Director of Capgemini in Japan.

According to [MuleSoft’s State of Business and IT Innovation report](#), 82% of business users believe employees need quick and easy access to business data to do their jobs effectively and remain productive, yet less than one-third think their organization is very effective in connecting and using data from multiple sources to drive business value. MuleSoft partners like Capgemini enable organizations to develop a Center of Enablement that empowers a self-service approach to integration across teams – scaling innovation and accelerating the speed of business.

"Every company in every industry is under greater pressure to deliver faster, become more agile, and innovate at scale. Our MuleSoft partner ecosystem brings together trusted advisors that are fueling digital transformation for customers, empowering them to quickly unlock and unify data – no matter where it resides – to deliver seamless connected experiences," said Dan McAlister, Senior Vice President of Global Alliances and Channels, MuleSoft. *"We are proud of our growing MuleSoft partner ecosystem and excited to celebrate their success and dedication to delivering business outcomes for customers around the world."*

Capgemini has been a global MuleSoft integration partner since 2015 and has more than 1,000 certified practitioners. The MuleSoft Partner Program consists of organizations that provide consulting and services for MuleSoft’s AnyPoint Platform™. With skills and expertise that leverage API-led connectivity, MuleSoft partners help customers across industries to unlock business capabilities and become composable enterprises, delivering innovations faster.
