

# Make digital business a reality with Capgemini and Microsoft Azure

An agricultural leader migrates its SAP environment to the cloud and lowers infrastructure costs by 25%, while increasing scalability. A global staffing powerhouse adopts modern collaboration tools to dramatically improve cross-border collaboration. A medical supplies manufacturer and distributor leverages Platform-as-a-Service to decrease time-to-market and reduce support requests by 20%.

to make digital business a reality. From optimizing operations to enabling unprecedented innovation, we provide an end-to-end portfolio of strategy, migration, modernization, and collaboration services to help companies embrace digital to get – and stay – ahead.

This is digital business at work, and it was made possible with the help of Capgemini and Microsoft Azure. Together, we help organizations around the world harness the power of cloud

Whatever the industry, whatever the challenge, we work with organizations to help make infrastructure invisible, deliver apps at the pace of innovation, embrace Monday's idea as Friday's reality, and successfully transform to digital.
