Capgemini positioned as a “Leader” for AI Services in Everest Group’s AI Services PEAK Matrix® Assessment 2022

Capgemini was recognized for the 2nd time consecutively

PARIS, April 7, 2022 – [Capgemini](#) today announced that it has been named both a ‘Leader’ and a ‘Star Performer’ in Everest Group’s Artificial Intelligence (AI) Services PEAK Matrix® Assessment 2022. This is the second consecutive time that Capgemini has been recognized in the report for its market impact, vision, and capabilities.

The report identified several of Capgemini’s key strengths, including its continued focus and investment around innovative industry-specific AI solutions, and its development of a suite of solutions that capture the major high-volume industries within AI.

Capgemini was also recognized for its comprehensive talent strategy, which prioritizes developing the existing skills pool and embedding a culture of AI for good and sustainability across its talent base. Additionally, Capgemini’s collaborative data ecosystem was highlighted for allowing enterprises to ensure data availability, quality and accountability.

Anne-Laure Thieullent, Artificial Intelligence and Analytics Group Offer Leader at Capgemini said: *“In order to future-proof their businesses and stand out in today’s data economy, organizations must leverage the full potential of data and AI and infuse it at the heart of their operation. With our team of data, analytics and AI experts, supported by our AI Centers of Excellence across multiple geographies, we are delivering innovative AI solutions to 100s of clients worldwide, partnering with them on their AI journey. We’re delighted to be recognized yet again by Everest Group in this report. It further underlines our ability to create positive outcomes for businesses and society through our full suite of data and AI solutions.”*

Nitish Mittal, Partner at Everest Group said: *“AI has become vital for enterprises to accelerate pandemic recovery and create a more resilient future. Capgemini has managed to differentiate itself from its peers by developing a suite of verticalized solutions underpinned by a comprehensive talent development and engagement strategy. Its investments in developing a collaborative data ecosystem to help enterprises deal with the shortage of relevant and high-quality data are commendable. This, coupled with its focus on driving innovation, has helped Capgemini not only strengthen its positions as a Leader in Everest Group’s Artificial Intelligence Services PEAK Matrix® Assessment 2022 but also be recognized as a Star Performer.”*

About Capgemini
