- Right range for production environments

**What**  
we offer

# IaaS Niche

- Cloud infrastructure with a range of specialist service overlays
- Standard management support
- Customizable operational solutions
- Ideal for complex environment that requires non-standard service

# What you get

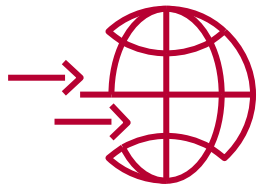

Lower  
Cost

Better  
Choice

More  
Control

Greater  
Speed

Security and  
Assurance

## What it means

- Modernizing your IT infrastructure to improve agility and performance
- Guided by sound technology advice and design know-how
- Delivered using robust best practice project capabilities

# Infrastructure Transformation & Consulting

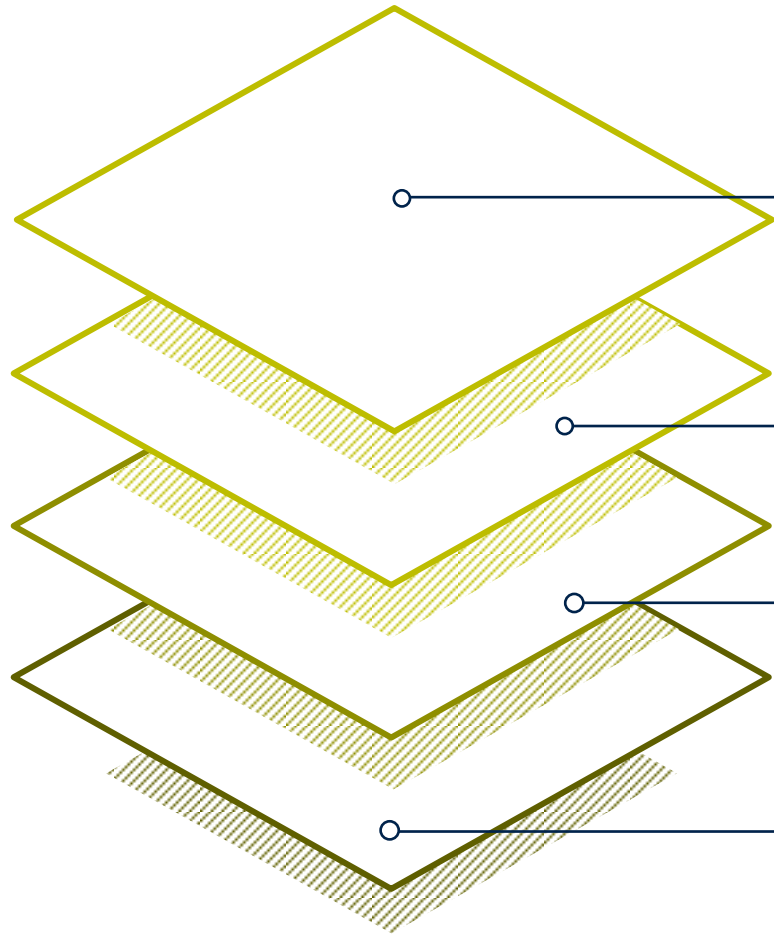

TRANSFORM INFRASTRUCTURE

- Access to a global pool of over 2000 project managers, architects, and consultants, providing a full range of infrastructure transformation and consulting services
- Thought leadership, insights, and market-leading points-of-view
- Service vendor independence and therefore product agnostic advice on the most effective technology solutions
- Predictable delivery through project management and architecture excellence

## What we offer

### Infrastructure Strategy & Advisory

Guiding your journey to new technology solutions

### Service Transformation

Optimizing IT services to deliver business value

### Workplace Transformation

Enabling new ways of working in a mobile age

### Data Center Transformation

Delivering simplified infrastructure and agile platforms

**What**  
we offer

# Infrastructure Strategy & Advisory

We focus on  
your desired  
business  
outcomes

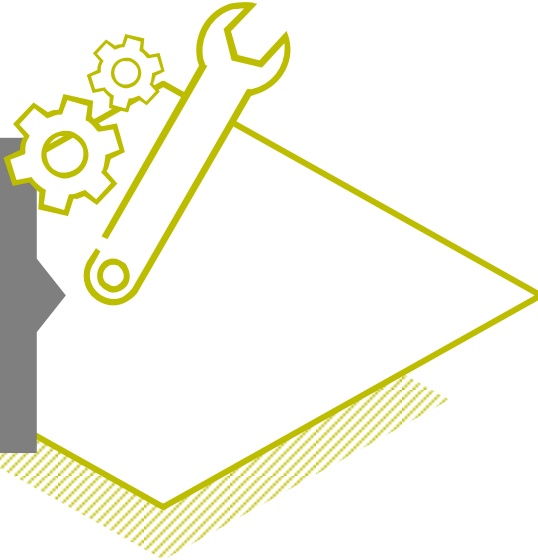

- **Readiness Assessment Toolkits** to help define the end-state architecture, business case, and roadmap for the service, workplace, and data center aspects of your transformation journey
- Expertise that builds **Security & Compliance Advisory** considerations into all our infrastructure solutions, whether traditional or Cloud-based

**What**  
we offer

# Service Transformation

Our robust  
project  
oversight  
ensures  
predictable  
outcomes

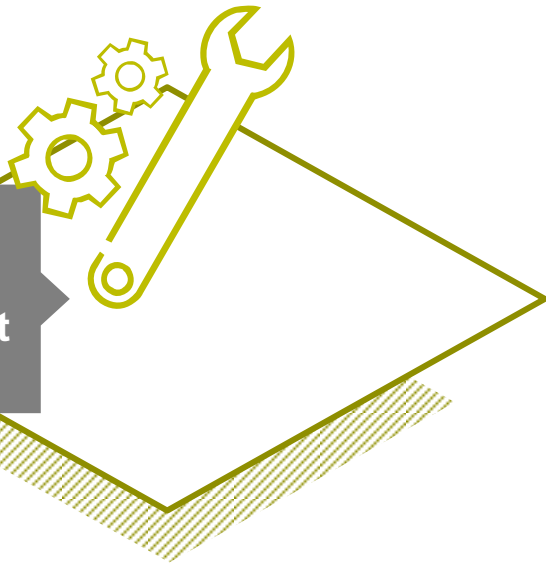

- **Service Delivery Excellence** provides the basis for measurable service provision and a successful relationship between IT and the business by implementing a strong, retained IT governance framework with the right competencies and processes
- **Service Merger & Divestment** delivers expertise to support your acquisition, merger, and divestment requirements

**What**  
we offer

# Workplace Transformation

We provide  
vendor  
independent  
advice

**Agile Workforce** helps you transform and manage an expanding and diverse portfolio of end user devices, mobility solutions, and collaboration platforms. The result is a solution that not only boosts workforce agility and enhances the end-user experience but also minimizes environmental impact while addressing your overarching imperative to reduce cost

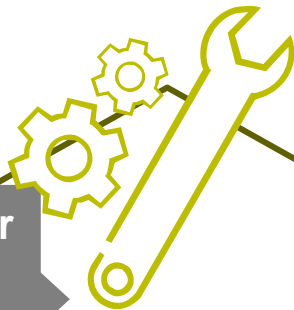

**What**  
we offer

# Data Center Transformation

We tailor our  
services  
to suit your  
needs

- **Agile Hosting** tailors a combination of our data center migration, consolidation, and converged platform services to successfully integrate new and legacy technologies. The result is a simplified and modernized IT estate that delivers improved performance at reduced cost
- **Digital Infrastructure** implements our proven RightCloud transformation blueprint to help you achieve your Digital ambitions

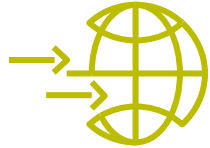

**What**  
you get

# Data Center Transformation

Reduced  
Costs

Improved  
Performance

Security &  
Risk Mitigation
