Paris, 1 December 2011 – Capgemini, one of the world’s foremost providers of consulting, technology and outsourcing services, today announced it has been awarded the 2011 The Excellence in Globalization Award by Frost & Sullivan - a global research organization. This award is in recognition of Capgemini’s international business accomplishments in the Financial Services and Insurance industries.

For the Excellence in Globalization Award, the following criteria were used to benchmark Capgemini’s global delivery performance against key competitors:

- Processes a Strategic Global Footprint
- Leverage of Global Assets
- Global Integration of Processes/Systems
- Enhanced Global Value to Customer
- Exhibits a Global Perspective

According to Frost & Sullivan’s research findings, Capgemini has emerged as a leader in the financial management services through its deep domain knowledge, expertise and experience. Arnab Nath, Research Associate from Frost & Sullivan said *“The company has a diversified client base spread across the globe, served by high quality professionals. Through acquisitions Capgemini has expanded its footprint over the years and is targeting the emerging markets of Asia, Latin America and the Middle East. The experience that Capgemini has, complemented by its global process strategy, technological capability and domain expertise, keeps the company ahead in the market compared to its peers.”*

Shane Cassidy, VP - Financial Services Global Business Unit at Capgemini said *“This award for globalization excellence fully recognizes the success of our strategic methodologies including our Global Process Model¹ and Global Delivery model, Rightshore®. We have leveraged the right balance of locations, our streamlined*

¹ Capgemini’s Global Process Model is a map that defines the best flow for each process and sub-process, backed by a comprehensive database of defined, world-class controls and measures representing global and industry best practice.

processes and innovative customized business models to help our clients reduce cost and ultimately improve their bottom line.”

Frost & Sullivan is in its 50th year in business as a global research organization of 1,800 analysts and consultants who monitor more than 300 industries and 250,000 companies. The company’s research philosophy originates with the CEO’s 360 Degree Perspective™, which serves as the foundation of its TEAM Research™ methodology. This unique approach enables it to determine how best-in-class companies worldwide manage growth, innovation and leadership.
