Capgemini positioned in Leaders Quadrant for SAP Application Management Service Providers, Worldwide

Paris, 14 November 2012, Capgemini, one of the world’s foremost providers of consulting, technology and outsourcing services, today announced that it has been positioned by Gartner, Inc in the leaders quadrant for SAP Application Service Providers in the latest “Magic Quadrant for SAP Application Management Service Providers, Worldwide”¹. Capgemini has been positioned based on “ability to execute” and “completeness of vision.”

Christophe Lacroix, SAP Alliance Lead for Capgemini, said: *“We believe our strong positioning by Gartner is a result of our technical expertise and dedication to providing high quality services to organizations to help implement SAP Applications and increase customer value. We have a strong relationship with SAP in delivering certified industry-specific end-to-end solutions on a global basis. We think this positioning by Gartner is further validation that Capgemini’s SAP strategy is working in the market, and our focus on differentiating ourselves by offering bundled “OnePath” solutions that include SAP software, industry best practice solutions, application hosting and application management”.*

Capgemini has a long-standing relationship with SAP with more than 12,500 practitioners focused on SAP solutions globally. It provides application life-cycle services in support of SAP solutions, including on-premise, on-device and on-demand projects to thousands of clients worldwide. Capgemini has one of the broadest offerings of SAP Services globally, including design, build, run and operate services. It delivers solutions to its customers by providing SAP software licensing, implementation, hosting, application management and business process outsourcing under one contract. In March 2012, Capgemini received two SAP Pinnacle award in the category of “Transformational Award: Unwired Enterprise” and “SAP BPO/ITO Partner of the year award.”
