

Capgemini Singapore, is proud to bring you **Capgemini Week of Innovation Networks 2017 (#CWIN17)** event held at our Applied Innovation Exchange (AIE) Singapore on **Wednesday, 27 September 2017, 10:00am to 2:00pm SGT.**

#CWIN17 is a Capgemini client-exclusive Business and Technology Event, with different local sessions occurring in around 30 cities in 15 countries across the span of a week. This event provides our clients with the opportunity to interact with our ecosystem, as well as listen and share insights around the latest innovation technology and trends with industry experts. Find out more about #CWIN17 [here](#).

#CWIN17 Singapore

In line with the growth of Big Data and harnessing the power of technology, #CWIN17 Singapore will focus on **Data & Insights** and **Artificial Intelligence**. Expect an exciting lineup of speakers and booth exhibitions from startups and established technology firms in the industry. This event is a perfect opportunity for you to network with industry experts and discover new partnerships that enable the delivery of business value through technology.
