Capgemini positioned as a Leader in Everest Group's PEAK Matrix for Intelligent Automation in Business Processes Solution Providers 2020

Paris, May 7, 2020 – [Capgemini](#) announced today that it has been named a "Leader" in Everest Group's PEAK Matrix assessment on IABP Solution Providers 2020. In this research report, Everest Group evaluated 24 Intelligent Automation in Business Processes (IABP) solution providers based on the criteria of vision and capability along with market impact.

The report acknowledged Capgemini's "vision to create value for its clients, by reimagining business operations using an augmented workforce." Capgemini was also acknowledged for:

- Seeing notable success in the Intelligent Automation space with a large and growing portfolio of clients
- Its ability to blend the technology and process expertise as well as end-to-end automation approach that focusses on business outcomes
- Its approach based on Digital Global Enterprise Model (D-GEM), that consists of various levers to accelerate speed to deployment from advisory to operations
- Its recently launched Capgemini Intelligent Automation Platform (CIAP), which has a cloud-based architecture aiming to provide end-to end Automation deployment.

Adam Bujak, Global Head of the Intelligent Automation Practice for Business Services at Capgemini said: "We are delighted to be recognized by Everest Group for our intelligent automation capabilities. Powered by the 'golden triangle' of robotic process automation, artificial intelligence, and smart analytics, implementing intelligent automation can help organizations build a hyper productive, digitally augmented workforce at scale. Capgemini is committed to deliver best-in-class, client-centric end-to-end automation solutions – breaking organizational silos and creating frictionless client value."

"Capgemini has found traction in the Intelligent Automation in Business Processes (IABP) market by combining its technology with process expertise," says Anil Vijayan, Vice President, Everest Group. "Its ongoing investment in the Digital Global Enterprise Model (DGEM) that brings together various levers to automate processes, in addition to the more recent investment in its intelligent automation platform, makes it well positioned for success."

Capgemini's world class services such as the Digital Global Enterprise Model ([D-GEM](#)) and Capgemini Intelligent Automation Platform ([CIAP](#)) help its customers address business process challenges in a cost-effective manner, without risking their IT systems. While, CIAP is designed to quickly deploy automation at scale for businesses worldwide; D-GEM enables Capgemini's clients to be competitive in a rapidly changing, digital business era.
