Capgemini positioned as a Leader in Avasant's Radar View report for Finance & Accounting Business Process Transformation

Capgemini is recognized for the second consecutive time

Paris, June 13, 2022 – Capgemini today announced that it has been recognized as a Leader in Avasant's Finance and Accounting (F&A) Business Process Transformation 2021-2022 Radar View report. This is the second consecutive recognition for Capgemini for its continuous excellence in F&A services. The report evaluated over 35 service providers on parameters such as practice maturity, domain ecosystem, investments in this space and innovative approach.

The report lauded Capgemini's AI-backed Digital Global Enterprise Model (D-GEM) that transforms an organization's finance function and its in-house solutions that deploy intelligent automation at scale such as Capgemini Intelligent Automation Platform (CIAP). Its robust partner ecosystem across the entire F&A value chain and its continuous investments to provide end-to-end, tech-backed solutions to clients were also highlighted as key strengths.

David Lumley, Leader - Intelligent Finance and Accounting Practice, Capgemini's Business Services said, *"We are delighted to be recognized as a Leader once again by Avasant for our F&A services. It further underlines our focus on providing innovative, technology led solutions to our clients that enable a frictionless finance function. Along with our AI-enabled D-GEM platform and with our team of F&A professionals, we are continuously innovating to meet the evolving needs of our clients, to help future-proof their businesses."*

Shwetank Saini, Avasant's Research Leader said, *"As organizations accelerate digital transformation of their business processes, there's an increased urgency to break down functional and regional silos and revamp their F&A function. Capgemini's digital-first approach helps overcome silos within its clients' organizations. Through its proprietary D-GEM platform, solutions like AI Payables and AI Receivables, and by integrating digital twins, Capgemini is well positioned to cater to clients across industries. A comprehensive solution portfolio, a robust partner ecosystem, combined with tech-backed F&A service delivery have placed Capgemini as a leader in Avasant's F&A Process Transformation 2021-2022 Radarview."*

About Capgemini

Capgemini is a global leader in partnering with companies to transform and manage their business by harnessing the power of technology. The Group is guided everyday by its purpose of unleashing human energy through technology for an inclusive and sustainable future. It is a responsible and diverse organization of over 340,000 team members in more than 50 countries.
