Capgemini selected to deliver end-to-end IT services for Aptiv

Paris, August 27, 2025 – Capgemini today announced a new multi-year agreement with Aptiv, a global technology company focused on enabling a more safe, green, and connected future. Under the agreement, Capgemini will serve as Aptiv's strategic partner for comprehensive IT services across the company's global digital ecosystem.

Capgemini will deliver a full suite of IT support, infrastructure, and digital operations services designed to increase agility, enhance service delivery, and enable faster innovation across Aptiv's enterprise. The engagement supports Aptiv's long-term strategy and reflects the company's commitment to building a modern, resilient digital foundation to power its next chapter of growth.

"We are excited to collaborate with Aptiv as they take this next step in their business transformation journey. Our approach ensures support, expertise, and innovation across every initiative," said Anirban Bose, CEO of the Americas and Group Executive Board Member at Capgemini. *"By combining our global delivery strength, industry expertise, and collaborative approach, we look forward to supporting Aptiv's evolving needs and helping them deliver greater value to their customers and partners worldwide."*

As a trusted advisor to global industrial and technology leaders, Capgemini will apply its proven frameworks and platforms, including its Accelerated Solutions Environment (ASE), to co-create and deliver tailored solutions that support Aptiv's enterprise-wide objectives.

"As Aptiv evolves to meet the demands of a rapidly changing industrial landscape, technology is a key enabler of our ability to move with speed, scale, and precision," said Matt Peterson, Chief Information Officer, Aptiv. *"Our partnership with Capgemini accelerates the development of our next-generation digital backbone, empowering our teams, enhancing operational agility, and supporting the future of intelligent, software-defined systems."*

This collaboration underscores Capgemini's continued leadership in delivering integrated IT solutions to complex, global organizations, and its ability to help companies like Aptiv transform at scale.

About Capgemini
Capgemini is a global business and technology transformation partner, helping organizations to accelerate their dual transition to a digital and sustainable world, while creating tangible impact for enterprises and society. It is a responsible and diverse group of 350,000 team members in more than 50 countries. With its strong over 55-year heritage, Capgemini is trusted by its clients to unlock the value of technology to address the entire breadth of their business needs. It delivers end-to-end services and solutions leveraging strengths from strategy and design to engineering, all fueled by its market leading capabilities in AI, generative AI, cloud and data, combined with its deep industry expertise and partner ecosystem. The Group reported 2024 global revenues of €22.1 billion.
